

CHING HOW

Chinese Food in the Chinese Manner

11386 VENTURA BOULEVARD • TELEPHONE SUNSET 2-8606

NORTH HOLLYWOOD, CALIFORNIA

NOTE:

BECAUSE many persons are unfamiliar with genuine Chinese food and sometimes find a menu confusing, we should like to suggest that you occasionally try leaving your dinner to the Chef. Simply tell your waiter the amount you wish to spend (based on our menu). If you prefer a dominance of meat, or vegetables, please mention this; otherwise, the Chef will design for you a balanced dinner of both.

We believe you will enjoy ordering in this way because you will become acquainted with new dishes; because there are seasonal delicacies that come and go swiftly, such as, live fish imported from China in water tanks and brought fresh to our kitchen; Chinese vegetables and melons grown in California by Chinese farmers, ripe at various periods; and numerous other exquisite ingredients, difficult to include in one menu, which we have the year 'round.

We have *The Chef of a Thousand Dishes*. He likes to create a dinner for you. We like to introduce you to the best in Chinese food.
